

ROMA STATE COLLEGE

ROMA STATE COLLEGE SUBJECT SELECTION - Year 10, 2024

STUDENT NAME: _____

CURRENT FORM CLASS (please circle): 9F / 9G / 9H

All students in Year 10 will study the compulsory subjects of English, Science, Mathematics, Humanities, and a Pathways program. They will also select **TWO elective subjects**. Please refer to the back of the form if you are seeking to select a Certificate course.

The 2024 Year 10 Elective Subject choices are:

Line 1:

Agricultural Science

Dance and Drama

Food Studies

Law & Business

Media Arts

Recreation

Line 3:

Digital Technologies

Industrial Technology Skills

Recreation

Visual Arts

Certificate II in Hospitality (limited enrolments available)

Certificate II in Health Support Services (limited enrolments available)

Certificate II in Electro-technology – Career Start (limited enrolments available)

Students also have the opportunity to enrol in **Certificate II in Rural Operations** on a Tuesday. This is an application process directly through TAFE. Should this opportunity progress, students will be notified individually. Please note, successful entry into this course requires students to be withdrawn from Humanities for the entire year. If you are interested in this please tick this box:

Successful completion of any of the above Certificate qualifications provides students with four QCE points, which contributes to their Queensland Certificate of Education at the end of year 12.

INSTRUCTIONS FOR YOUR ELECTIVE SUBJECT CHOICES:

Two preferences are required for both line 1 and line 3 electives because subjects may not run if student numbers are insufficient or subjects may reach maximum numbers quickly.

Line 1 Preference 1 _____

Preference 2 _____

Line 3 Preference 1 _____

Preference 2 _____

Parent / Caregiver signature: _____

Date: _____

This form is due back to Senior Campus office by Friday 17th November.

VETiS Certificate Courses

Your child can now choose qualifications as an elective to complete in Year 10. TAFE Qld Roma Campus offer a range of qualifications that students can apply to study.

The choice on whether or not to study a qualification can become quite complex due to the courses' funding, which is under VETiS (VET in Schools) funding.

Please access further information regarding VETiS funding available at the following website:

<https://desbt.qld.gov.au/training/providers/funded/vetis>

VETiS funding allows students to complete **one** employment stream qualification at the Certificate I or II level without cost. Some VETiS funded certificates are available to students in Year 10, while other courses cannot be accessed until Year 11.

Students should not choose a VETiS funded course in Year 10 if they wish to use this funding on a different course in Year 11 or 12.

VETiS funded courses offered at TAFE Roma Campus include:

- Certificate II in Hospitality
- Certificate II in Health Support Services
- Certificate II in Rural Operations
- Certificate II in Electro-technology (Career Start)
- Certificate I in Construction
- Certificate II in Engineering

If students choose a certificate course as an elective, they must complete a TAFE application. Their enrolment is not guaranteed.
